

## **POLICY for the EGRT re Geocaching.**

What is Geocaching?                      [www.geocaching.com.au](http://www.geocaching.com.au)

Geocaching is an entertaining adventure game for GPS users. Participating in a cache hunt is a good way to take advantage of the wonderful features and capability of a gps unit. The basic idea is to have individuals and organizations set up caches all over the world and share the locations of these caches on the internet. GPS users can then use the location coordinates to find the caches. Once found, a cache may provide the visitor with a wide variety of rewards. All the visitor is asked to do is if they get something they should try to leave something for the cache.

Pronunciation: Geo-cashing, like cashing a cheque.

### **POLICY**

Geocaching is permitted on the East Gippsland Rail Trail reserve with the EXCEPTION of ALL BRIDGE structures, which are totally off limits.

Persons using this Rail Trail for the sport of geocaching are also reminded that plants and animals are protected and the physical environment of the Rail Trail must not be damaged.

The Management Committee reserves the right to remove a geocache in any case where it puts at risk public safety or causes a hazard for or environmental damage to the Rail Trail, and to advertise that action via
